

August 23, 2019

Dear Patrons,

We hope you had an excellent summer. We wanted to take this opportunity to update you on the renovation of the IBC Student Recreation Center, as we are scheduled to re-open on **Monday, August 26th at 6am.**

We are very excited to share the updates we have made to the facility and equipment; you will notice that we have made several changes to the aesthetics and layout of the fitness spaces. With the newly renovated IBC, Temple University Fitness (TUF), and the Aramark Student and Recreation Complex (ASTAR) Weight Room, Temple University has never had as many fitness options for the Temple University community. If there are pieces of equipment that used to be in the IBC that you are looking for, we assure you that it can be found in one of our other locations.

We ask for your patience as we finalize a few areas of the facility. Most notably the lack of permanent lockers. Due to manufacturing delays, we will not have our permanent lockers installed until late September. Until then there will be temporary lockers in the men and women's locker rooms to secure your personal items. The IBC staff will be issuing locks/keys at the Front Desk to patrons but items may not be kept in the locker rooms overnight. We are sorry for this inconvenience.

The temporary lockers are much smaller than our typical lockers so please keep that in mind. We will have coat racks to hang clothes in the locker rooms as well.

For all users, whether it is your first time at our facilities or you are a long time user, our Campus Rec staff are available to assist you.

Thank you for the patience and understanding as we finish the renovations. We hope that the end product will be well worth it! If you have any comments regarding the newly renovated IBC, please send your feedback to campusrecreation@temple.edu.

John Doman, Director- Campus Recreation
